## NEWS

## RESULTS

### Four polite requests

1. Results need to be sent to the Senior Recorder in accordance with the Rules. They should also be sent to James Toon for inclusion in the website (though some Captains incorrectly think it is sufficient to just notify James). **Failure to notify the Senior Recorder will result in loss of any adjudications, possibly the match, and a fine in accordance with the Rules.**
2. Captains occasionally know in advance that they are going to default a board. In such instances, it is only courteous to the opposition that the captain informs his opposite number. In doing so, a player can be saved a wasted journey.
3. If a team has to default a match, the opposing captain should be notified as soon as possible so that he has the maximum amount of time to inform his players. **BOTH captains must inform the Senior Recorder about the match default.**

These simple courtesies can help to ensure that this League remains a friendly League where sharp practice and ill feeling are kept to an absolute minimum.

4. All Captains are requested to send in their match results and adjudication claims using the usual forms (**available on the website**). Please do not use odd scraps of paper (if reporting by post) or a simple email message (which does not always format properly) **which is unfortunately a common practice for some**.

Thank you all for your cooperation in this matter.

All tables are based upon completed matches.
