

THE LONDON CIVIL SERVICE, POST OFFICE AND MUNICIPAL CHESS LEAGUE

www.cscl.org.uk

VOLUME 60 NUMBER 1 – 12/06/11

Editor: Ian M Pheby ian.pheby@tiscali.co.uk

In accordance with the wishes of members present at the Annual General Meeting held on Friday 28th April 1950, efforts were to be made to circulate a Bulletin at frequent intervals containing the latest information available relating to Civil Service chess, and other matters which are considered to be of interest to Service chess players. The *Bulletin* was thus created in May 1950. Since then a total of 394 editions of the *Bulletin* (subsequently known as the *Information Sheet*) have been published.

Our members will have recognised that this League has had an excellent website for many years, and the website duplicates all of the information that is produced in the *Information Sheet*. The Executive Committee has therefore decided that the *Information Sheet* is surplus to requirements and that it will no longer be published. Consequently, this is the last issue.

I would like to take this opportunity to thank everyone who has submitted articles for publication over the years, and in particular the various Editors who have done an excellent job in the production of an informative publication.

Of course members are still able to submit articles for publication on the League website. The Web Manager may be contacted at webmanager@cscl.org.uk or at james.toon@mac.com and I am sure he will be pleased to receive your contributions.

I hope that everyone continues to enjoy their chess in the Civil Service League.

Goodbye!

Ian M Pheby
Editor
